

PEANUT BUTTER SCHMIER SUGGESTIONS

1. Great microwaved and poured over ice cream or poundcake.
2. Spread between two chocolate chip cookies for a sweet treat.
3. Spread between Ritz crackers and dip in chocolate.
4. Delicious for dipping apples. You can also heat the peanut butter schmier and pour over apple wedges and add a few chopped nuts for the Kitchen Kettle version of a caramel apple.
5. And of course, it makes a mean peanut butter and jelly sandwich when teamed with your favorite flavor of Kitchen Kettle jam or jelly.
