

Kitchen Kettle Products from the Jam and Relish Kitchen

New Flavors and Unique Products Complement Traditional Offerings

Perennial favorites such as Chow Chow, Pickled Beets and Strawberry Jam remain as popular as ever, but with consumers looking for new flavor sensations and shortcuts to cooking, as well as healthful foods, the “foodies” at Kitchen Kettle Village continue to develop new products that appeal to everyone. Our newest creation is our Vanilla Jam selection- Strawberry Vanilla, Cherry Vanilla, and soon to hit the shelves Blueberry Vanilla.

The growing popularity of balsamic vinegars inspired our two newest products: Strawberry Balsamic Jam and Fig Balsamic Jam. Interest in salsa and southwestern cuisine led to development of nine Kitchen Kettle Salsas which we are now known for – Corn, Roasted Corn & Black Bean, Mild, Peach, Zesty, Cilantro Lime, and our top seller is Pineapple Salsa. Another popular line is our collection of pickles featuring five flavors including Kickin’, Sweet, Sweet Dill, Perfect, Bread & Butter and Sweet Fire Pickle Chips.

Customers looking for products with less sugar content can now choose from Kitchen Kettle’s low sugar line of jams as well as the choice of Apple Butter with no sugar added.

Our fruit butter line has been enhanced to include: Blueberry Peach Butter, as well as the standards of Apple, Pear, Peach and Pumpkin Butters. Kitchen Kettle’s Jam and Relish Kitchen also produces the appropriately named Peanut Butter Schmier which tastes like a cross between traditional peanut butter and caramel. The “Schmier” goes just as well melted over ice cream as in a regular sandwich.

Pepper Jam is another favorite from the Jam and Relish Kitchen. Made from sweet red peppers it is the number one selling jam from the Kitchen. Served over cream cheese it’s known as the caviar of Lancaster County. Served over a round of brie and toasted or applied as a glaze on tuna steaks and ham, it elevates these simple foods to new heights.

Other popular Kitchen Kettle products include:

- Horseradish Mustard
- Vidalia Onion Relish
